4 Different ways to play tag

Shadow Tag: **IT** can tag others by stepping on their shadows instead of touching them.

Band-aid Tag: When **IT** tags another player, that player must hold onto the place where he was "injured." If he's tagged again, he must hold onto that spot as well as the first. If tagged 3 times, the player must go to the "Hospital" on the sidelines and do 15 jumping jacks.

Zombie Tag: **IT** walks around slowly, like a zombie. The other players must get as close as possible to **IT** without getting tagged.

Fainting Goat Tag: **IT** becomes the goat-herd for a flock of fainting goats. A player may avoid being tagged by dropping to the ground for 10 seconds before running away.

LEARN A SECRET CODE

1	A	H	B	I	C	J	D	K
2	O	V	P	W	Q	X	R	Y
3	E	L	F	M	G	N	U	Z
4	S	Z	T	U				

For this code, you have to use the crosses above. First, find the letter you want to put into code. For example if you wanted to put the letter D into cross code, you would find it in cross 4. Write \perp to show where the letter appears in the cross, and 4 to show which cross it appears in, like this: $\perp 4$

Now give your friend a copy of the crosses, and you can send the secret messages to each other!
